PROFESSIONAL SUMMARY

Full-Stack Developer with 2 years of experience building web applications, SaaS platforms, and API integrations. Skilled in React, Next.js, Node.js, NestJS, and TypeScript, working across every stage of development, from interface design to backend architecture.

PROFESSIONAL EXPERIENCE

LegisLink

2026 — present

Full-Stack Developer

- Developed a GovTech SaaS platform for integrated management of parliamentary mandates.
- Implemented the frontend and backend using Next.js, NestJS, Node.js, and TypeScript.
- Modeled and managed the database with Prisma, PostgreSQL, and Neon.
- Built responsive interfaces with React, Tailwind CSS, and shadcn/ui.
- Built 5 core modules: Political Map, Contact CRM, Legislative, Parliamentary Allowance, and Legal.
- Integrated with the TSE (Superior Electoral Court) API to query and display political-electoral data.
- Integrated with the WhatsApp Business API.
- Implemented OAuth authentication with Google and Microsoft.
- Took part in architecture, infrastructure, and technical organization decisions for the product.
- Configured and managed deployments using Vercel and Railway.
- Carried out maintenance, bug fixes, and continuous evolution of the platform.

Tríade Análise de Sistemas LTDA

2026 — present

Technical Support and Network Infrastructure

- Provided technical support to users and corporate environments.
- Administered and maintained Windows and Linux servers.
- Diagnosed and resolved network and connectivity issues.
- Configured and supported VPNs.
- Managed users, machines, and permissions in Active Directory.
- Configured remote access using RDP, RealVNC, and AnyDesk.
- Mapped and managed network shares with Samba and SMB.
- Monitored servers, equipment, and services with Zabbix.
- Provided support related to firewalls, SSH, and network infrastructure.

History Games

2020 — 2024

Freelance QA Tester

- Performed functional and exploratory testing on games and systems.
- Identified, documented, and tracked bugs.
- Validated fixes and carried out regression testing.
- Logged and tracked tasks using Jira.
- Communicated and collaborated with the team via Microsoft Teams.
- Contributed to the continuous improvement of software quality processes.

EDUCATION

Centro Universitário de João Pessoa - UNIPÊ

Expected graduation: December 2027

Bachelor's Degree in Computer Science

TECHNICAL SKILLS

React, Next.js, React Native, JavaScript, TypeScript, HTML, CSS, Tailwind CSS, shadcn/ui, Node.js, NestJS, REST APIs, authentication, OAuth, PostgreSQL, Neon, Prisma, Windows Server, Linux, Active Directory, VPN, RDP, RealVNC, AnyDesk, RustDesk, Samba, SMB, firewall, SSH, Zabbix, Git, GitHub, Jira, Microsoft Teams, Vercel, Railway, QA Testing, functional testing, regression testing, bug documentation, information security
